

TOGETHER WE CAN MAKE A DIFFERENCE

Hi,

My name is **Cameron** and I am contracted to Mondri Recycling to do Kerbside Paper Pick-Up in your area. As a Small Business Owner Driver contracted to Mondri Recycling I am appealing to you to be part of the Kerbside Paper Pick-Up programme, thus avoiding Paper Recyclers in South Africa having to import used/unwanted paper. Your support will ensure that such imports will not be necessary.

I will collect in your area, **every week** (Excluding Public Holidays). Simply place all your unwanted papers, magazines, old books and office papers into your Ronnie Bag and put it outside your gate on your pavement with your unwanted flattened cardboard boxes before 07h30 on your collection day. The paper and boxes will be removed and an empty Ronnie Bag will be returned to your premises.

Please note that we do not collect any form of plastic, glass, metal or polystyrene.

The Mondri Recycling Kerbside Paper Pick-Up Programme is a **free service**. Recycling also creates jobs and saves the environment. For every ton of paper recycled 17 pine trees and three cubic meters of landfill space are saved.

Looking forward to providing an excellent service to you and your community.

To all those residents already participating a big 'Thank you'.

Regards

Ronnie Recycler
