**RE: THEFT OF VEHICLE 22 SCORPIO & TAURUS BOOM BROKEN**

At 06:30 this morning, unknown men broke gate motor and stole BMW at 22 Scorpio. Tracker found vehicle in Roodepoort. Before this incident unknown person broke the new Taurus boom.

Douglas with the assistance of the SAPS arrested a man for the damage to the boom this morning - he is being detained at Honeydew SAPS.

We have also increased visibility Securitas patrols and tasked neighbouring vehicles to conduct additional patrols in the area to deal with the increase in crime. I am also personally monitoring the vehicle tracking units and Douglas has been tasked to arrange some special proactive operations with the SAPS to target the area and attempt to deter the crime.

I have also tasked Douglas to conduct refresher training with all the guards onsite - they are trained however I am a firm believer that the refresher training can only add value and heighten awareness and vigilance amongst the staff.

I will ensure that we keep you informed of any successes that we have with regard to these additional patrols and planned events. You are welcome to call me at any time to discuss any concerns that you may still have.
